

LONE WORKER PERSONAL SAFETY DEVICES UTILITY AND CONSTRUCTION SECTORS

Stay Safe and Protected in the Field

The Numera® Libris® 2 personal security and safety device delivers immediate incident notification and protection including patented fall detection – ideal for lone workers and construction personnel, as well as the utility and transportation sectors. With the press of a button, the Libris device utilizes two-way voice to connect with supervisors or colleagues to dispatch emergency personnel for immediately assistance.

The Libris device includes GPS and Wi-Fi to enable dispatch operators the ability to locate the device both at the office and on the jobsite. The long-lasting rechargeable Libris device is lightweight, yet ruggedized providing shatter resistance up to 2 meters and water submersion up to 1 meter for 30 minutes. A variety of carrying options are available.

Equipped with the latest 4G LTE cellular network technology and available on AT&T, Verizon, and Telus (Canada).

Advanced Fall Detection and emergency services with 24/7 Help

Device and Event Notifications to Keep Employers Informed

Fully Mobile for Personal Safety On the Go

Water-Resistant to 1 Meter (3.3 ft) for 30 Minutes

Lone workers exist in nearly every industry, making them a wide and diverse market of customers

- Hotel, Casino, and Other Service Industry Workers
- Electrical / Telephone Wire and Tower Workers
- University Staff and Students on Campus
- VIPs, Professionals and Individuals
- Real Estate Agents
- In-Home Care Takers
- Manufacturing Workers
- Private Contractors
- Security Guards
- Athletes

More than Mobile PERS

The Numera Libris 2 system is paired with the EverThere cloud platform, a web based portal for customers, with location services, family and caregiver social features, online device settings, and customized notifications.

No Installation

Setting up and managing the Libris 2 PERS is easy. The device is pre-configured and does not require any on-site installation. The Libris 2 PERS integrates with existing monitoring systems.

Lightweight and Discreet:

Libris 2 pendant can be worn on a belt or on a lanyard under clothes for easy and hidden accessibility.

Rugged Casing:

Advanced durability for shatter resistance up to two meters and water submersion up to one meter for 30 minutes. (IK06 and IP67 ratings)

Hands-Free Voice Calls:

The device automatically calls the monitoring center when a fall is detected – no need to push a button to receive help.
